## Custom Cad Information Sheet

Thank you for ordering a Custom Cad Design. I will consult with you in every step of the way to bring your ideas to life.

To do this and make the process as smooth as possible I need you to supply me with as much information about your idea as possible. To do this, please fill out the enclosed CCIS sheet with all the information requested. Once you have that done please photograph it and send it to me by email at [ijewelcad@outlook.com](mailto:ijewelcad@outlook.com) along with any web links photos and other information you think will be helpful.

Please do NOT send me any information by text.

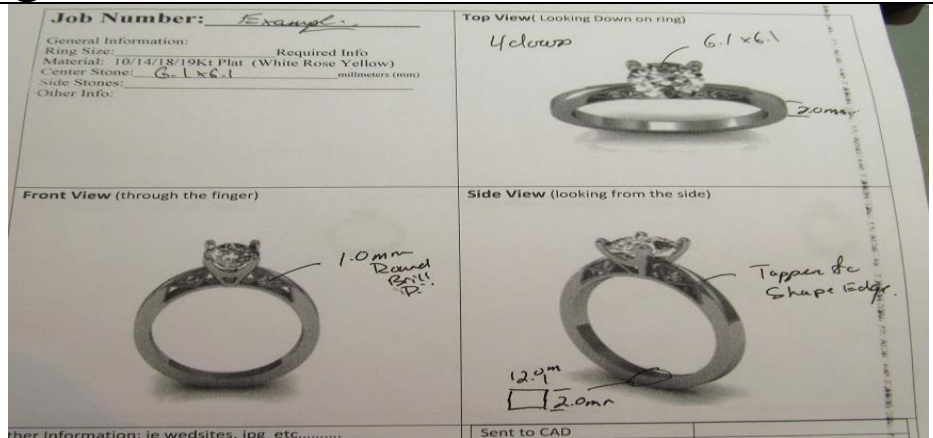

**Thank You**

# How your drawings and ideas come to life!

You fill out the CAD Design Order.

1. Give as much detail as possible. Use mm (millimeters) as your unit of measure.
2. Take a photo of the form both side and email it to [IJewelCad@outlook.com](mailto:IJewelCad@outlook.com)

We will do the CAD design based on your info and send you renderings of what the final piece will look like.

Once we have the approval we will send the design to production depending on what you have ordered.

## Terms:

1. The more information details you give the fewer changes are required in the CAD. You are allowed two minor changes to completion. If you change the design completely you will be charged as if it is a new design. (files cannot be easily just pulled and pushed into new shapes or stone sizes...etc....) so place as much detail here as possible.
2. Once you finalize the file it is final. Your file will be sent to production after which NO changes can be made without a charge.
3. All final CAD designs, 3dm, stl, jpg files are property of "IJewelCad.com", which has sole and absolute ownership of this information and may reuse, resell, redevelop them.
4. It is the "Client's" full and sole responsibility to insure fully any and all items, gemstones, diamonds, jewellery, sent to "IJC" and/or its agents against theft, loss, loss in shipping and/or damage to gemstones and/or jewellery while being repaired, set, or made.
5. All items are shipped FOB Bowmanville Ontario Canada as per the "Client's" instruction above.
6. "IJC" may send you the "Client" information, jpgs, offers, product information, from time to time by, email, mail, fax, internet or all of these methods. You have the right to withdraw consent to this by written notice to our Privacy Office.
7. The "Client" agrees to release, hold harmless and indemnify "IJC" and/or "IJC" agents, from any and all claims: a) arising out of infringement of any third party intellectual property rights arising from the "Client's" purchase of the requested model and/or the subsequent sale of products produced from said model. b) arising from the loss, theft, damage, to any and all "Client's" gemstones, jewellery, and/or items of value.

I understand, agree and approve the above terms and the drawings on the other side of this form.

Please provide me with as much information as possible these 4 views of your jewellery item are required for a good Cad Design. If you can get photos from these 4 angles will help. If not please try to draw your best.

yellow cushion sapphire  
1.45ct 6.00 x 5.20 x 4.50mm

We need a "face up" photo of your center stone. This is a **no exception must**. Along with accurate measurements in mms. We use this photo to get an accurate girdle out line of your gemstone to design your jewellery around.
